

## JACK ALLEN'S MARGARITA

### Ingredients:

- 1 oz Simple Syrup
- 1 oz Triple Sec
- 2 oz Lime Juice
- 1.5 oz Tequila

### Directions:

In 2-quart pitcher, combine all ingredients, except the ice.  
Keep the margarita mixture refrigerated until ready to serve.  
When ready to serve, rim the glasses with salt (if desired) and fill each with ice.  
To salt the rims, cover the bottom of a small plate with margarita salt.  
Rub the rims of the glasses with a lime wedge, dip the rims in the margarita salt, and set the glasses upright to dry a tad before filling them with ice.  
Fill a cocktail shaker  $\frac{3}{4}$  of the way with ice.  
Add enough prepared margarita mixture to the top of the ice.  
Cover tightly and shake vigorously 10-15 seconds.  
Pour into prepared glasses and serve immediately.  
Drain excess water from the shaker.  
Repeat for the additional servings, adding more ice as needed.  
Garnish with a lime wedge or wheel.
